

DESIGN TALK

WHO: **David Rodriguez of Rodriguez Consulting & Design and Tricia Loe**
President of Sustainable Concepts, LLC co-lead the “North Texas Collaborative” organization for the Living Building Challenge. Both are sustainability / LEED consultants, with expertise in high performance for buildings, working on projects as Klyde Warren Park in Dallas, UNT Health Science Center in Fort Worth and conversion of Radio Shack World Headquarters into classrooms for Trinity River Campus of Tarrant County College. Tricia Loe is a leader in the North Texas USGBC, AIA and other professional organizations. David Rodriguez is a recurring guest lecturer at TCU on sustainability and Chairman Emeritus the USGBC North Texas .

WHAT: **An overview of “The Living Building Challenge™”**
The built environment's most rigorous performance standard for building projects at all scales. To be certified under the Challenge, projects must meet a series of ambitious performance requirements over a minimum of 12 months of continuous occupancy so that they operate as cleanly, beautifully and efficiently as nature's architecture.
