

## WHAT IS THE AIA FORT WORTH HOMES TOUR 2019

The AIA Fort Worth Homes Tour is an annual showcase of outstanding residential architecture designed by local, licensed architects. The event is May 18th & May 19th from noon to 6pm. This self-guided tour of elite homes in Fort Worth, showcases a variety of home styles, types and sizes and features a mix of projects including: new homes, renovations, and additions. The projects that we select show the highest attention to detail, a superior design sensibility and the benefits of a long-lasting relationship between contractors and subcontracting teams. The tour highlights the products that homeowners desire and reveals the processes behind creating this level of design.

The tour's mission is to celebrate the process of design & educate the community on the benefits of working with an architect. Proceeds from the event support the programs the AIA offers to our community throughout the year. Our tour is a part of the exclusive **Open Doors / Open Gates Weekend**. This larger event encompasses the AIA Fort Worth Homes Tour and the Historic Fort Worth's Garden Tour. With 1800+ attendees, designated neighbourhoods of our city are teeming with design enthusiasts. Exterior to interior, historic to present, exclusive residences in our city are on display and are ready to inspire your next architecture + landscape project.
