You don't have to be an Architect to be a member of AIA Fort Worth.

Allied Members: Individuals not otherwise eligible for membership and who meet either of the following requirements shall be eligible for Allied membership in the chapter:

a) Those with established professional reputations who are registered to practice their professions where such requirements exist, or persons who are employed outside of architectural practice but are involved in positions allied to the field of architecture. Individual Allied members may include engineers, planners, landscape architects, sculptors, muralists, artists, and others in government, education, journalism, manufacturing, industry and/or other fields allied to architecture.

b) Those who are employed by firms in the construction industry engaged in research, design, development, testing, manufacture, distribution, or training for building and construction products or systems.
